

Portable Multi-Channel Audio Mixer and USB interface that can handle up to six JM-21 NoteWise or Standard microphones

Simple. Portable. Nimble.

Do you need a portable digital recording solution without the bulk? Perhaps you are looking to obtain clearer and more accurate recordings to assist with depositions, small hearings, meetings in judges' chambers, or council meetings. We have designed Nimble with you in mind!

A simple USB port is all that is needed to connect the Nimble to a Windows based computer. Easy to use with maximum flexibility, this multi-channel audio mixer and USB interface makes a perfect combination to our NoteWise recording/viewing software solution.

Featuring:

- Individual microphone identification
- Software mutable JM-21 microphone
- Record and channel identification
- Convenient carrying case available

THIS SMALL AUDIO DEVICE PACKS A PUNCH!

Nimble can be purchased on its own or with one to six JAVS JM-21 microphones. These high-quality boundary microphones feature a host of elements designed to enhance Nimble:

OMNI-DIRECTIONAL
SOUND PATTERN

CONFIGURABLE
FEATHER-TOUCH PUSHBUTTON

CONFIGURABLE
PRE-AMP ADJUSTMENT

PROGRAMMABLE
RECORD STATUS

OTHER MICROPHONES INCLUDING STANDARD PC MICROPHONES CAN BE USED WITH NIMBLE AS WELL.
